Abadi Charcoal

# About Company

Abadi Charcoal is an export company located in Sleman DIY Yogyakarta, Indonesia. The company focuses on the production of briquettes for Sisha and BBQ needs with Indonesian coconut charcoal raw materials which are known to have the best quality in the world.

---

In addition to producing coconut charcoal briquettes for hookah/shisha, we also provide wood charcoal briquettes for barbecue, sourced from hardwoods such as Tamarind, Mahogany, and Halaban, along with various other hardwoods that are in high demand for export to various countries.

# Vision & Mission

## **Vision**

Becoming an export briquette company with the best quality with the discipline of production timeliness. Committed to helping open up the widest possible employment opportunities through the briquetting business.

## **Mission**

- Producing best briquette quality proper to buyer request.
- Stable in quality with good quality control.
- Deadline discipline as promised before purchase order.
- Best customer service and communicative to customers.

Abadi Charcoal

# Our Product

## Shisha Briquette

made from 100% Coconut Shell Charcoal from Indonesia. premium quality (<2.5% ash content) and medium quality (<3% ash content) coconut shell briquettes as requested by customer.

## BBQ Briquette

Briquettes with relatively bigger size, which results in longer burning time, purposely made for cooking and power plant purposes. Made from a mix of coconut shell charcoal and hard wood charcoal.

Abadi Charcoal

## Wood Charcoal

Selected wood charcoal from Indonesia. We have 3 wood charcoals namely Halaban wood charcoal from Kalimantan.

Tamarind wood charcoal which is famous for its burning resistance and finally Mahogany wood charcoal.
